20 YEARS OF INNOVATION

PUBLIC SAFETY

For two decades, organizations working the world's most critical public safety missions have trusted Nomad to keep them connected and operational. Our roots are planted on the front lines of wildland fire, and our branches have grown to reach law enforcement and emergency management leaders in every U.S. state. When safety, security, reliability, and ease of use are the mandate, Nomad delivers. Most importantly, our mission-driven approach, engineer-to-order process, and unmatched support ensure you're ready to serve today... And into the future.

CISCO CRISIS RESPONSE

Mission // Provide on-the-ground connectivity, collaboration, and security solutions for governments, disaster and humanitarian relief organizations, and populations affected by crisis.

Solution // Two Tactical Command Vehicles (TCV Max model), one for West Coast and one for East Coast Operations. Vehicles are equipped with 8-hour *NeverDown™* Power Management system as primary power plant.

SAN MATEO COUNTY, CA

Mission // Provide community outreach and mobile command, both during planned events and times of crisis. Offer quick response and uninterrupted comms. County Sheriff's Office serves a population of 718,451 and several corporate campuses.

Solution // One Nomad D16 (16-foot, bumper-pull command trailer). Equipped with *Nomad Total Command (NTC)*, advanced A/V, outdoor briefing screen, 1.0m satellite antenna, and Dejero Mobile Gateway.
